

## **O2 Web listed among the 2022 Best Workplaces in Quebec**

**Montreal, November 18, 2022** – *O2 Web, a company that specializes in developing integrated e-commerce solutions, has been listed among the 2022 Best Workplaces in Quebec by the prestigious Great Place to Work institute.*

### **Another Best Workplace in Quebec award**

In early 2022, O2 Web was awarded Great Place to Work certification after recording a 95% employee satisfaction rate among its 80 employees. The agency has already been named a Best Workplace for Professional Development and is delighted to add this latest distinction—Best Workplace in Quebec—to its accolades.

*"We're thrilled to be recognized for all the things we do to create a pleasant work environment and professional development opportunities within the company,"* said Émilie Gosselin, VP Growth and Transformation at O2 Web.

### **A policy supporting employee wellness and skill development**

O2 Web has made a name for itself as one of the best places to work in Quebec. The agency actively encourages employee collaboration, mutual aid and accountability, and gives team members the chance to explore new ideas, devise solutions and test them out. The agency also has Flow certification and offers flexible working conditions so that employees can balance their personal and professional responsibilities.

### **About Great Place to Work:**

Great Place to Work is the global authority on high-trust, high-performing workplace cultures. Through proprietary assessment tools, advisory services, and certification programs, GPTW recognizes the world's Best Workplaces™ in a series of national lists including those published by the *Globe & Mail* (Canada) and *Fortune* magazine (United States).

### **About O2 Web**

O2 Web is a fast-growing web agency that specializes in developing integrated, flexible and innovative e-commerce solutions. The agency's clients include manufacturing companies and distributors, major retailers and large organizations. In all its dealings, O2 Web's commitment remains the same: helping clients effectively use new technologies to grow their business and achieve their full potential.
